

Morale and Appreciation Committee

This committee consists of parents that are assigned one month to do something special for the teachers and staff at MI. Some things that have been done in the past include providing lunch one day, giving them each a gift (such as a coffee mug filled with treats), encouraging notes, or a small treat each Monday of the month. Teachers really appreciate these surprises and thoughtfulness.

To be on this committee sign-up on the time and talent sheet at the beginning of the year or contact the Home and School President.
